Our past and future gather together in these two pages. Even if we understand that the past and the future are nothing more than two different ways of interpreting the present, two separate paths that have the same starting point and that seem resembling each other, as we watch them moment by moment. Cierre logo changes as well and transforms like the present time, following a desired need, a craved evolution. On the left side there is our history, made up of strong and rounded harmony, the result of a solid and reliable guarantee for all the people who have trusted us over the years. On the right side is our vision of the future, a rapid boost in the direction of new ideas, those we are passionate about and especially belong to us, our clear and loud message to the world.

In queste due pagine ci sono il nostro passato ed il nostro futuro, ma noi sappiamo bene che essi non sono altro che due modi diversi di interpretare il presente, due strade differenti che hanno avuto la stessa origine e che si somigliano, se le osserviamo istante per istante. Anche il logo di Cierre cambia e si trasforma come il presente, un'esigenza voluta, un'evoluzione attesa. A sinistra c'è la nostra storia passata, fatta di solida e rotonda armonia, di garanzia concreta, rassicurante per le persone che a noi si sono affidate in questi anni. A destra c'è la nostra visione del futuro, una spinta veloce verso nuove idee, quelle che ci appassionano e soprattutto ci appartengono, il nostro messaggio chiaro e forte dichiarato al mondo.

The combination of past and future is expressed above all in the choices we make today. Together, because we are a family, an eclectic experience that has gone through three generations. The real choice was to build our house right here, where our production is carried out, so that everyone could see it, especially those who contributed to it. And everyone could decide to be a part of it.

Il connubio tra passato e futuro si esprime soprattutto nelle scelte che facciamo oggi. Insieme, perché siamo una famiglia, un'esperienza eclettica che ha attraversato tre generazioni. La vera scelta è stata quella di costruire la nostra casa proprio qui, dove si trova la nostra produzione, affinché tutti la potessero vedere, soprattutto chi ha contribuito a realizzarla. E tutti decidessero di farne parte.

If yesterday we were able to interpret the taste of others wisely, offering every time a contribution of excellence in the execution, today we can do more, today we are the artisans who will be able to realize, for those who want, a new ideal of living, ours.

Se ieri siamo stati capaci di interpretare sapientemente il gusto di altri, offrendo ogni volta un contributo di eccellenza nell'esecuzione, oggi possiamo fare di più, oggi siamo gli artigiani che sapranno realizzare, per chi lo desidera, un nuovo ideale di living, il nostro.

In our journey between past and future we met a pleasant place of contradictions and we called it Tab. Here the order of things is only what we want it to be, and modernity is a flashback of the 70s. Its style is an idea of linear elegance, without glitz. Its environment is a city scenery, surrounded by an almost ethnic atmosphere. And space finds its balance in a revolution, because it has no definite geometric constraints, except those desired by our well-being. Tab decomposes, multiplies or mirrors itself. Welcoming lines, soft and clean, which find their coherence in an asymmetrical frame, so unique, each time original.

Nel nostro viaggio tra passato e futuro abbiamo incontrato un luogo piacevole di contraddizioni e lo abbiamo chiamato Tab. Qui l'ordine delle cose è soltanto quello che noi vogliamo che sia e la modernità è un flashback degli anni '70. Il suo stile è un'idea di eleganza lineare, senza sfarzi. Il suo ambiente è uno scenario cittadino, immerso in un'atmosfera quasi etnica. E lo spazio trova il suo equilibrio in una rivoluzione, perché non ha vincoli geometrici definiti, ad eccezione di quelli desiderati dal nostro benessere. Tab si scompone, si moltiplica o si specchia. Linee accoglienti, perché morbide e pulite, che trovano la loro coerenza in un quadro asimmetrico, quindi unico, ogni volta originale.

A modular sofa, with which different compositions can be created, by combining the available seating units. The composition can then be enriched with back- and arm-rests and coffee tables, fitted to the sides of the sofa by a suitable metal bracket, painted matt in 7 RAL colours or in 3 chromed finishes Black, Polished and Gold. As to the coffee tables, the choice is between 3 models and 5 different ceramic finishes. The backrest mechanism changes the depth of the seat, adapting it to our desire for comfort. An important detail: on the corners of the seat and back units there is a “bugia” that can be in contrasted colours or materials, compared to the main covering. Un divano modulare in cui diverse composizioni possono essere create combinando le misure di seduta disponibili. La composizione può essere poi arricchita con schienali, braccioli e tavolini, collegati ai lati del divano mediante un'opportuna staffa di metallo, verniciata opaca in 7 colori RAL oppure nelle 3 finiture cromate Nero, Lucido e Oro. Per i tavolini, la scelta invece è tra 3 modelli e 5 finiture ceramiche differenti. Il meccanismo dello schienale modifica la profondità della seduta, adeguandola alla nostra voglia di comfort. Un importante dettaglio: negli angoli di seduta e schienale è presente una bugia che può essere rivestita a contrasto con colori o materiali diversi rispetto al rivestimento principale.

Once again, modernity, as we interpret it, is an orderly interweaving of materials and experiences. The object that more than any other is intended to provide for our comfort has been imagined here as a precise parametric game, at the same time able to give, thanks to the jump from leathers to fabrics, extraordinary visual and tactile sensations.

Ancora una volta la modernità, così come la interpretiamo, è un intreccio ordinato di materiali ed esperienze. L'oggetto che più di ogni altro è destinato a prendersi cura del nostro comfort è stato qui immaginato come un preciso gioco parametrico, allo stesso tempo però capace di regalare, grazie al salto dalla pelle al tessuto, straordinarie sensazioni, visive e tattili.

We have created an idea of bed by which you can choose between different headboard sizes and combine together different heights and lengths. Then playing on the pleasant alternation of materials with a contrasting finish on the bed-base and the headboard. Abbiamo realizzato un'idea di letto in cui si possa scegliere tra diverse misure di testata e abbinare insieme altezze e lunghezze differenti. Modern is also the state of mind of those who shun the habit and decide to dare, such as the jagged lines, the strong features and slim shapes manage to do.

Moderno è anche lo stato d'animo di chi rifugge dalla consuetudine e decide di osare, come riescono a fare le linee frastagliate, i tratti decisi e le forme snelle.

Furnishing a space is taking care of that space and make it into a place where it is worth staying and a pleasure for your eyes, it is a task that we have entrusted to a broken line imprinted on a black and monolithic background. Arredare uno spazio, cioè prendersi cura di quello spazio perché diventi un luogo in cui valga la pena restare e dare piacere agli occhi, è un compito che abbiamo affidato ad una linea spezzata impressa su uno sfondo nero e monolitico.

A gem of minimalism immortalized in a slender tubular metal structure that, in its lightness, turns the comfortable seat that overlooks it into the absolute protagonist of the scene. Structure in curved wood, padded with expanded polyurethane foam with two different densities. Matte lacquered metal legs available in two colors: black or white. Un cameo di minimalismo immortalato in una snella struttura tubolare di metallo che, nella sua leggerezza, rende protagonista assoluta della scena la confortevole seduta che la sovrasta. Struttura in multistrato post formato con imbottitura in due densità di poliuretano espanso. Piedi in tubolare metallico verniciato opaco nero o bianco.

Alain family is getting bigger and the barstool becomes part of it. The characteristic stitchings on the backrest make this object unique and exclusive. The base in oak-stained ash wood painted with modern lines enhances its lightness. La famiglia Alain si allarga e ne entra a far parte lo sgabello. Le caratteristiche cuciture sul retro schienale rendono questo oggetto unico ed esclusivo. Il basamento in legno di frassino tinto rovere verniciato dalle linee moderne ne esalta la leggerezza.
