# divani sofas

# rod **new**

design by Stefano Spessotto

Rod • divano / sofa  
CS3430  
Foggy / S5Z Grey

Chiaramente ispirato allo storico progetto di divanetto e poltrona di LeCorbusier, in realtà Rod si armonizza molto bene con la sedia Gala da cui raccoglie un approccio minimal eppure molto personale. Il tondino infatti vuole più disegnare il fianco che sostenere il bracciolo. Il tutto dentro proporzioni e misure contenute che consentano una facile collocazione in spazi più contenuti senza sfigurare in composizioni grandi per living di prestigio. Rod completa la gamma con la versione poltrona.

*Clearly inspired by the historic design of the Le Corbusier sofa and armchair, Rod combines very well with the Gala chair, from which it inherits a minimal yet very personal approach. The rod in fact wants more to draw the side than to support the armrest. All within contained proportions and dimensions that allow easy placement in more contained spaces but suitable also for wide compositions in a prestigious living. Rod completes the range with the armchair version.*

design by Stefano Spessotto

Convert-S • divano letto / sofa bed  
CS3431  
Bedford / S7J Light

Convert è un divano estremamente versatile: offre più misure del bracciolo non tanto per tracciare aree di gusto diverse, quanto piuttosto per consentire un'ottimizzazione degli spazi in relazione alla presenza che si desidera calare sul divano in rapporto all'ambiente. Bracciolo largo per spazi più raffinati ed ampi, bracciolo sottile per spazi provvisori, di transito, o particolarmente contenuti. Dotato di meccanismo semiautomatico e materasso incluso. Si apre facilmente tirando una fascia in tinta con il rivestimento, nascosta nello schienale e si richiude con la stessa facilità senza dover spostare i cuscini o altro.

*Convert is an extremely versatile sofa: it offers the armrest in different sizes, not so much to create different taste areas, but rather to allow an optimization of the spaces in relation to the presence that you want to give the sofa in relation to the room. Wide armrest for more refined and wide spaces, thin armrest for temporary, transit, or particularly contained spaces. It features a semiautomatic mechanism and the mattress is included. Easy to open by simply pulling a band that matches the cover and hidden in the backrest, it closes with the same ease without having to move the cushions or anything else.*
